

# Balloon Repairs of East Texas Newsletter

## Guanajuato, Mexico

While you were sitting at the table having your normal Thanksgiving Day meal, we were flying our hot air balloons in the center of Mexico. B.R.E.T. and a group of friends transported 10 hot air balloons to Mexico for a week of flying. We not only work on balloons but it is our passion. Invite us to your next event.

## Experimental Balloons

Did you know that we design and build experimental hot air balloons. Here is one of our Hang Balloon Designs. We designed and manufactured this sling/chair and the fuel system with safe guards that also include a reserve fuel tank. If you are interested in one of these unique systems, please give us a call.

# Did you Know ?

We sell new and used equipment and our inventory is large. Most items are in stock.

## Stainless Steel Inflator Fans

We stock one of the most compact and powerful fans that you will ever need. The wheels on this fan fold up underneath and becomes a real space saver. Do you need a need Prop or Hub ? We have them in all sizes.

---

## Instruments

Broken wires on Ball Instruments or want something new. Look no further than Balloon Repairs of East Texas.

---

## Burner System - Used

Have you ever thought that you would like to get rid of that old "Adam's" burner and replace it with something more modern and powerful ? We can make it happen and help you obtain the proper FAA Certification.

---

## Ride Basket

We specialize in rebuilding your old worn out ride basket. When we are done with your basket you will be proud to have your customers jump aboard.

## What's in a handshake ?

We all know the economy is hitting everyone hard and Balloon Repairs has not been immune from these slow times.

### We can help you and you can help us.

- Deals on annual inspections in the winter months.
- Assistance with your purchase of equipment or having major rebuilds done on baskets.
- Have you ever thought about building your own hot air balloon?
- Do you need stainless steel or something welded for your project?
- We have a large inventory of pulley's, crown and vent lines.
- Do you want your old basket to look like new.? We can help.
- Would you like to get your balloon certified with a different burner?

Give us a call and we can make it happen !

---

## Major Envelope Rebuild

Rebuilding an entire balloon envelope is our specialty and that is why people choose the best.

Give us a call... We have been the leader in the industry when it comes to rebuilding envelopes. Many times our customers have asked us to rebuild their envelope and we have done so.....On Time, On Budget and your old envelope will look just like it did from the manufacture.
